

# Spaces

All players begin with their chips on START. Spin the spinner to find a quotient. If the quotient is on a space that is above, below, next to, or diagonal to yours, you may move to it. If not, you lose your turn. Take turns spinning and moving toward the shaded 8 space, which is the FINISH. To land on the finish space, you must spin a division fact with the quotient of 8. The first player to land on the finish wins.

<b>START</b>	3	6	2	3	6	2	1
1	2	8	2	10	3	9	10
4	5	4	3	7	4	10	3
2	1	7	6	1	2	4	10
6	5	1	9	4	9	5	6
7	3	8	2	9	3	10	9
4	5	10	3	4	6	2	5
8	4	1	8	5	2	9	7
3	7	9	2	10	9	5	<b>8</b>
