

APPENDIX **3B**

Questions for Discussion About Classroom and School Libraries

- How many texts are available for students?
- How many students are enrolled in the class/school?
- How many students are currently using these books?
- Is there an adequate number of texts available for students, teachers, the school?
How do you know?
- What are the most represented formats? Genre? Level? Least represented?
- Do texts represent a variety of genres, levels, and formats?
- What percent of books reflect students' backgrounds and interests? How do you know?
- What types of texts would students read more of if they were available? How do you know?
- What barriers to access currently exist (e.g., library hours, book storage, book display, online barriers, student awareness)?
